Subject: The TX RRC Quality Management Plan (QMP)
Attachments: 2016 06 08 QMP.pdf

Mr. Johnson,

Attached is a scanned copy of the 2016 QMP. The original has been placed in the mail.
In the past, this has been due in mid-August, but the date has been shifted ahead over a period of time.

This is a request to make the expiration date in mid-August of each year, so we can make recurring plans each year, and keep a consistent date.

The contact persons in the future will be Juanita Jimenez, and Debra Turner, who are cc'd here.
Susan Moore, your previous contact now has other duties, but is still at the Railroad Commission.

Please let me know if you need additional information.

Thank You,

Dave Hill
Manager
Injection and Storage Well Program
Oil and Gas Division
Railroad Commission of Texas
